EDUCATION

Sagar Institute of Science, Technology & Engineering

Bachelor of Technology in Computer Science & Engineering; CGPA: 8.20/10.0

Bhopal, Madhya Pradesh

Aug 2021 – May 2025

Miss Hill Hr. Sec. School

Senior Secondary (CBSE): 86.2% | High School (CBSE): 75.8%

Gwalior, Madhya Pradesh

2018 – 2020

TECHNICAL SKILLS

Languages: C, C++, JavaScript, SQL

Web Technologies: HTML, CSS, ReactJS, NodeJS, ExpressJS, Bootstrap

Databases: MongoDB, SQL

Tools & Technologies: Git, GitHub, Visual Studio Code, RESTful APIs, Responsive Design

EXPERIENCE

Frontend Developer

Ibotix Technologies

September 2024 – Present

Onsite

- Developing responsive software components and interactive user interfaces using ReactJS and modern web technologies
- Collaborating with cross-functional teams on project execution, conducting research to implement innovative solutions
- Contributing to code reviews and implementing best practices for maintainable, scalable front-end architecture

ReactJS Intern

Ibotix Technologies

March 2024 – September 2024

Onsite

- Built and maintained React components for web applications, ensuring code quality and responsive design principles
- Assisted in research and development of new features, participating in agile development processes

SQL Intern

Celebal Technologies

May 2024 – July 2024

Remote

- Developed and optimized complex SQL queries, improving database performance by analyzing query execution plans
- Assisted in database migration projects, performing data cleaning and integrity validation across multiple datasets
- Collaborated with development teams to understand data requirements and built efficient, scalable database solutions
- Conducted query analysis to identify bottlenecks and implemented indexing strategies for optimization

PROJECTS

MediTrack Platform | ReactJS, NodeJS, ExpressJS, MongoDB

2024

- Built full-stack healthcare platform enabling patients to book appointments with real-time availability checking
- Integrated WebRTC-based video calling feature for seamless remote consultations between patients and doctors
- Developed comprehensive admin dashboard with analytics for monitoring appointments and managing user data
- Implemented secure authentication system and RESTful APIs for efficient client-server communication

TextMania Website | ReactJS, Bootstrap

2024

- Created intuitive text manipulation platform offering multiple tools for text analysis, editing, and conversion
- Designed responsive UI with Bootstrap ensuring cross-device compatibility and enhanced user experience
- Implemented features including word count, character analysis, case conversion, and text formatting utilities

CERTIFICATIONS & ACHIEVEMENTS

Certifications: JavaScript (Infosys Springboard), SQL (CodeChef)

Strengths: Problem-solving, Data Structures & Algorithms, Attention to Detail, Team Collaboration
